

TESTIMONIAL

I first worked with Józefa when I employed her as part-time Business Manager for the London Region of the Institute of Healthcare Management, an employment that lasted for two years. In this capacity she developed the functioning of the Council and made significant contributions to the membership, events and social sides of the Council. Since the paid employment ended, Józefa has continued to make an invaluable contribution to the work of the Council and has recently taken over as Vice-Chair and the subsequent running of Council meetings, which frees me up to concentrate on other aspects of the work of IHM.

I have found her to be a conscientious supporter of the IHM, the leading organisation for professional managers in healthcare. She demonstrates her professionalism through ensuring the 'little' things are done, which is especially important for a member-based organisation.
